

## David Dauphin

---

**Position:** Senior Project Manager, C2G/Civil Consultants Group, Inc.  
Scotts Valley, California

**Education:** San Jose State University, BS/Industrial Engineering  
Cabrillo College, AS/Engineering Technology

**Experience:** Mr. Dauphin serves as Senior Project Manager on assignments for both public and private sector clients. His experience in school design includes projects in San Jose, Morgan Hill and Monterey.

Much of Mr. Dauphin's professional career has been devoted to site development for public and private sector building complexes, as well as roadway and utility system improvements.

Recently, Mr. Dauphin has been involved with multiple projects associated with Monterey Peninsula College (MPC) in Monterey. He has been involved with the day-to-day coordination of the Site Utility Infrastructure Improvement Project for MPC, as well the lead designer for improvement projects on the campus (parking lot expansion or reconstruction for parking lots A, D, E, F and J).

Also, Mr. Dauphin has been an active participant in weekly construction administration meetings for MPC to coordinate construction related clarifications and responses to construction document intent.

In addition to MPC, Mr. Dauphin was the project manager for extensive civil engineering improvements for a Encinal Charter School within Morgan Hill Unified School District. The project involved coordination with local water and fire agencies for an extension of a 16-inch water main to provide fire protection associated with the school expansion. In addition to fire suppression improvements, Mr. Dauphin also was instrumental in providing roadway, hardscape, sanitary and storm drain improvements for the charter school.

**Certifications:**

2006 Certified Civil 3D & Civil 3D Design modeler – AutoDesk Training Center  
2008 Accessibility Code Training – Department of State Architect
